To Whom It May Concern,

I am writing this letter of recommendation on behalf of Ryan Thipavong. Ryan has demonstrated his willingness to cooperate with others, his generosity to help others and responsibilities to complete any task given.

Ryan shows good efficient collaboration skills in and out of school. His grades demonstrate his great capacity of work and dedication. All in which reflect in his college preparatory and advance placement courses scoring a 3.8 grade point average. He works well with his peers and teachers and gets along with everyone. Not to forget he knows various languages which show his communication skills. He speaks English, Laos, Spanish and Thai.

Ryan has demonstrated great character assisting with different outside events. He volunteered in Team Limitless helping others navigate through livestream programs. He also coordinated event for Limitless and Infinium which was great technology experience. As of now, Ryan is working with other students assembling websites through the program **Center for Advanced research and Technology**. His goal is to form part of the computer engineer program.

Expecting more experience to come, Ryan is reliable, strong and responsible person who you can count on. I assure Ryan Thipavong is a great addition to your computer engineering institution. His effort for helping others is huge in this branch.

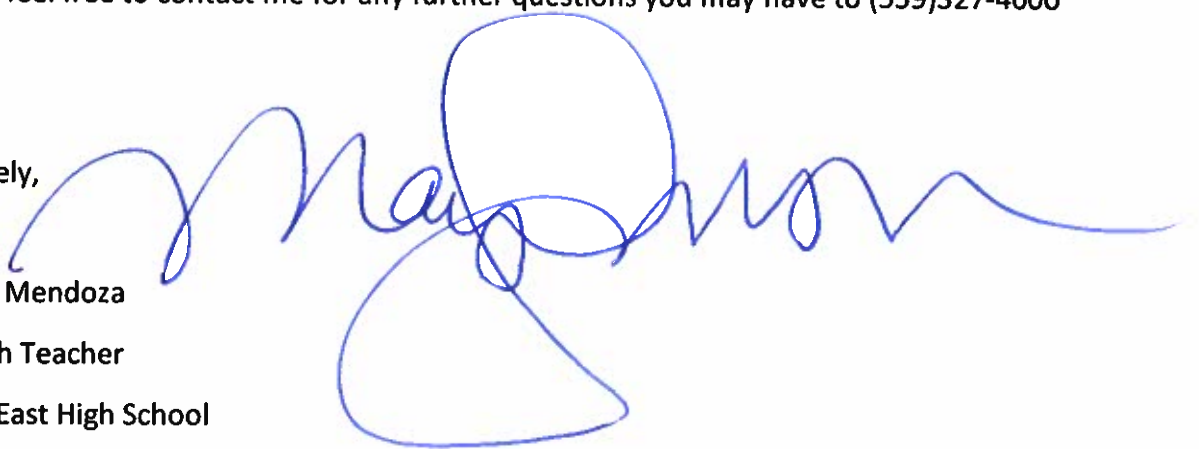

Please feel free to contact me for any further questions you may have to (559)327-4000

Sincerely,

Mayra Mendoza

Spanish Teacher

Clovis East High School

A large, stylized handwritten signature in blue ink, likely belonging to Mayra Mendoza, is written over the typed name and title.
